

Eng. Reinhard Schwamberger was born on 24th of August 1955 in Innsbruck, Austria and grew in Fulpmes, Tirol. After finishing the professional technical school in his hometown, he studied Industrial Economy and Mechanical engineering in Graz. Afterwards he worked in Plansee - TIZIT in Reutte, last position Manager of the Department Cutting tools.

After taking - over the company Instrument in Gabrovo, Bulgaria to the industrial concern group Plansee – TIZIT - Reutte, Austria, Eng. Schwamberger was appointed in Bulgaria as Representative of the Management of the concern group. 2001 he used the opportunity to buy from Plansee-TIZIT, through Management Buy Out, the company GWG - Gabrovo. Four years later he founded second plant in Tryavna.

Due to his big interest for the machines and the thread cutting tools and with his approach to manage convincingly his employees, he reached to establish and to develop the company GWG as one successfully working company.

With the sudden death of Reinhard Schwamberger ( 30 June 2013 ), we lost one real person, who was always taken as a model from us, with his dynamic and result-oriented activities. We will always remember him with a lot of respect and deep admiration, resolved to continue his work, following the already “beaten track” from him.
